CENTRAL EUROPEAN CRISIS NEARS

SCULPTOR GEO. GRAY BARNARD DIES SUNDAY

Donor of Statuary Now at Central School HAD LIVED HERE

Funeral services for George Gray Barnard, 74, internationally famous sculptor, and former Kankakeean who died Sunday in New York City, will be held at 9 o'clock Thursday morning (central standard time) from The Monastery, 698 Port Washington avenue, New York City. Burial will be private at Harrisburg, Pa. Barnard's collections were housed at The Monastery for many years.

Mr. Barnard, who was 74 years of age, died yesterday of a heart ailment in the Hartness pavilion at the Medical center. He had been stricken ill two weeks ago while working on a new creation.

He lived in Kankakee and attended the Central school from 1870 to 1877 while his father was pastor of the Presbyterian church here. Having kept up a correspondence through the years with friends here, he has frequently expressed an affection for this community and a desire to visit here before he died.

\$100,000 GHS

It was this affection for Kankakee which prompted him to donate \$100,000 collection of his plaster casts to the school board about a year ago with the understanding that this statuary be set up in the Central school.

Exaggerated reports in metropolitan newspapers that the Kankakee school board was considering the draping of nude figures led to nationwide publicity regarding the gift. Barnard apparently took the publicity seriously and issued a statement in which he agreed to "covering" nude figures with fig leaves the usual museum way, but the female statues must not be touched.

When the school board sought to put the statuary in repair, Mr. Barnard sent to Kankakee his expert "moulder," Pietro Ghilioni, to do this work. Ghilioni spent several weeks here until funds available for that purpose were exhausted.

Famous Works

Mr. Barnard was also the center of a controversy 21 years ago when in Cincinnati, he unveiled his statue of Lincoln depicting him as a homely, rugged man. Critics disliked his gangling figure, knobby hands, huge feet and homely simplicity but the sculptor apparently was unperturbed by the criticism.

Barnard died without finishing his most pretentious project, the "Rainbow Arch," which he described as a monument to democracy, and

Seek to Interpret Abe Cassell Will

Watseka, April 25—(RN Special)—Proceedings were opened today in the case of Charles Cassell against 58 defendants, asking the court to construe the will of his father Abraham Cassell, former head of a prominent Iroquois county banking family.

The property involved is said to approximate \$100,000.

Fury of Insurgent Attack in Eastern Spain is Increasing

BULLETIN

Madrid, April 25—(AP)—Thirty persons were killed, including a British sailor, and more than 50 injured today when insurgent airplanes resumed bombardment of Valencia, former Spanish government capital on the Mediterranean coast. Three British sailors were wounded.

Valencia had not been bombed for more than two months.

The dead sailor belonged to the crew of the Stanlake, the wounded to the Celtic Star, both British vessels in the harbor at Valencia. First reports did not indicate whether either was hit directly.

Hendaye, France (at the Spanish frontier), April 25—(AP)—The fury of the insurgent attack increased today in all sectors of the 100-mile battlefront zig-zagging through eastern Spain from Teruel to the Mediterranean near Alcala de Chiveri.

Surprise offensives from three directions coordinated the operations of insurgent forces on the Spanish front.

Artist Dies

George Gray Barnard, who lived in Kankakee as a boy and attended the Central school, and afterward became an international famous sculptor, died yesterday in New York City of a heart ailment. A year ago he gave a \$100,000 collection of his plaster casts to Kankakee.

ASKS CONGRESS TO PUT END TO TAX EXEMPTION

"Can Be Done Without Constitutional Amendment"

Washington, April 25—(AP)—President Roosevelt asked congress today to remove "promptly" tax exemptions on income from all future government bond issues—federal, state and local and on all government salaries.

Existing exemptions, he said, resulted from judicial decisions and could be eliminated by "a short and simple statute" which he predicted the courts would uphold.

Some advocates of ending such exemptions have claimed a constitutional amendment would be necessary because of judicial decisions holding the federal government could not tax state bonds, nor nor the state government federal bonds.

Mr. Roosevelt said, however, that recent decisions indicated the courts were following a different line of thought from that which produced the earlier rulings.

Urges Prompt Action

The president's request for "prompt" action came as a surprise to many legislators and added to the problems of administration leaders trying to reach adjournment by the latter part of May.

Prior to receipt of the message, some informed members of congress had predicted it would ask only a study of the problem.

Senators and representatives who handle tax legislation, however, are divided on whether the recommendations could be taken up at this session.

Chairman Doughton (D-NC) of the house ways and means committee, said he did not know.

The ways and means committee logically would originate legislation on the subject.

INCORPORATION BEATEN 20-1 IN W. KANKAKEE

622 Votes Against Measure; Only 31 for It

SAVE ON TAXES

At a special election Saturday called by County Judge John H. Beckers to determine whether or not West Kankakee people wanted their home community incorporated into home community incorporated into home community, the West Kankakees voted overwhelmingly against such an incorporation.

By a vote of 622 to 31 they kicked out the proposal for incorporation which would have established a village board as a new taxing body. The ratio of ballots against and for the proposal was 20 to 1.

It was unfortunate that the people of Kankakee county were called upon to pay the expenses of the election when it was evident from the start that sentiment in West Kankakee was so overwhelmingly against any change in the community. There never was any indication that a sufficient number of people wanted incorporation to justify the expense of the election.

Would Change Name

The minority which circulated the petition accompanying the proposal had offered the name of "Florenceville" for the proposed village because of the Florence Moore company employees of that company were decidedly against the proposal.

Like home owners and other industrial interests in the community management and employees of the stove company objected to the much higher taxes, with few benefits which would result from incorporation.

At a community meeting of West Kankakees last week the voters expressed their opinion of the proposal in no uncertain terms, and voiced the desire that West Kankakee should be allowed to remain as it is.

Keep Low Taxes

West Kankakees, over a period of years, have consistently objected to any proposals to make changes in their territory, especially since all of these proposals would result in higher taxes.

In this election they expressed themselves as being particularly anxious to maintain low taxes in the territory in order to encourage working people to build their homes there. Some of them were outspoken in the belief that jealousy on the part of people living elsewhere, because of the West Kankakee building boom, influenced the proposal.

The election took place Saturday at the Longfellow school with election judges and clerks appointed by Judge Beckers.

'Voice of Snow White' Visits St. Anne Girl

Adriana Caselotti, the "voice" of Snow White in the famous picture "Snow White and the Seven Dwarfs," will make a special trip to St. Anne tomorrow to make a shut-in extremely happy.

Beulah Beupre, 25, daughter of Mr. and Mrs. Victor Beupre, residing two miles from St. Anne, had heard so much about the picture but was unable to see it because of illness which has confined her to her home for more than a year.

She wrote to Adriana who is appearing currently in Chicago night clubs and requested her autograph. Touched by the St. Anne girl's condition and her request, Adriana decided to make a trip to Beulah's home to sing the songs from the motion picture expressly for her.

The artist and her manager have made arrangements with the C. & E. I. railroad to stop its flyer at 1 p. m. Tuesday in St. Anne.

She will sing at the Beupre home and then make an appearance at St. Anne high school where all the school children of the town will gather to hear the lovely Snow White voice at 2 p. m., according to J. Stricter Tagging for Parkers Now

Beginning tomorrow all city police officers have orders to enforce strictly the two-hour parking law. Chief of Police L. B. Rogers said this morning.

During the winter months when the weather was inclement, the patrolmen were inclined to be lenient with motorists, but now with the parking problem again acute, all offenders will be tagged, Chief Rogers said.

St. Viator Fresh Has Close Shave from Love Rival

James Burke, 17, of Oak Park, freshman student of St. Viator college, returned to classes at the Bourbonnais institution today with his hair still intact on his head.

He had a "close shave" Saturday night with a "reception committee" who lurked behind the Burke garage at 629 South Humphrey avenue, Oak Park.

It seems that James went home last week-end and had a date Saturday night with Ella Healy, 17, of 125 South Austin boulevard, Oak Park. They went to a dance at a Chicago loop hotel.

A jealous suitor, Jay Lane, junior at Austin high school and a neighbor of Miss Healy, heard that she was going out with Burke and became "burned up" about it. He called in three companions, obtained a large pair of scissors and went to the Burke garage to lie in wait for him with the intention of administering an unwanted haircut.

Neighbors, however, saw the four, noticed one had a shiny object and called police. Sergeant Frank Lawrence and squad arrived before Burke did and took all four to the station. The latter were explaining their actions to police.

Cops Arrest 9 Motorists on Week-end

Nine motorists felt the arm of the law for violations of state and city traffic statutes over the week-end.

Three paid fines of \$25 each for operating vehicles without 1938 license plates—St. Kane, 394 South Harrison avenue; J. W. LaPlante, 106 address; and Edmund Dumals, 12 address given. Arrests were by Constable Ray Tougiant who is assisting state officers in their drive. Every person picked up on this charge will be fined, it was said.

Five drivers were arrested by Motorcycle Officer Orval Finch on speeding and reckless driving charges. Pearl Lawson of LeRoy, A. B. Bushnell of Danville and Fred Melis of Fossiland were assessed \$25 each for speeding; M. J. Barman of Chicago was fined \$25 for reckless driving, while Edward Lashen of Chicago posted \$25 bond on a speeding charge. All of the above cases were in the court of Police Magistrate Edward Honnick.

On Saturday evening, Bradford Fagan of 804 South Greenwood avenue, tagged by Officer John Powell for parking in a downtown alley, became impudent with the officer, inspected other cars to see that they had tags, it was said, and continued his harangue until he was arrested for disorderly conduct. He was fined \$25 by Justice Henry Baines.

1 BOY CYCLIST KILLED, OTHER THOUGHT DYING

Joseph Setticas, 12, Dead; Palermo Boy Hurt

Joseph Setticas, 12-year old son of Mr. and Mrs. Barney Setticas of 478 North East avenue, died at 2 o'clock this morning in St. Mary hospital of a fractured skull and other injuries received in an automobile-bicycle accident at 8 o'clock Saturday night.

His companion Joseph Palermo, 15, of 440 North East avenue, also is in the hospital with a fractured skull.

The accident occurred in the 100 block of West Court street at the alley between East and Washington avenues when the bicycle of the Setticas boy and the automobile of Dan Raiche, 62, of 454 West Court street, collided.

Riding Handicaps

The bicycle, with the Setticas boy riding on the handlebars and his companion pedaling it, was going west on Court street and the Raiche car was going east. The collision occurred when the automobile swung north to turn into the alley.

In a report to police authorities and to Coroner A. E. Kerger, Raiche said he saw no one coming when he made the turn.

The bicycle struck the car just behind the front fender on the right side. The Setticas boy was thrown against the automobile window, breaking it, then to the pavement. His companion was knocked directly to the pavement. The bicycle was not hurt. The bicycle was demolished by the impact. It had attained high speed as it coasted down the viaduct hill bearing the two boys.

The injured boys were rushed to the hospital by D. J. Devereaux, 377

Revitalized Drive of Japs To Capture Strategic City

Shanghai, April 25—(AP)—Reports of a change in Japanese command in north China as a result of the disastrous Tientsin defeat coincided today with fresh Japanese advances in the drive to wipe out the stain of that reverse.

The American-owned Shanghai Evening Post and Mercury said General Count Jutchi Terauchi, commanding in north China since early in the war, had been recalled to Japan and been succeeded by Lieut-General Jun Ushirogouchi, known as one of Japan's greatest tacticians.

The Japanese army spokesman in Shanghai denied reports of a change in command.

Japan's strongly-reinforced armies drove southward close to the vital east-west Lanchow railway, attacking Pihshien, 12 miles north of Yunbo, where the Lanchow crosses the Grand canal, and an equal distance southeast of Tientsin, scene of China's recent victory.

The attacking column had crossed from Shantung province into Kiangsu and captured two villages on the outskirts of Pihshien.

The Japanese offensive extended along a 50-mile front east and west of Pihshien. Fifteen troop trains were rolling southward from Tientsin with fresh troops for the drive.

A new battle for possession of Tientsin, war-torn city where the Japanese suffered a disastrous defeat early in April, appeared imminent as the invaders struggled to reach the Lanchow railway.

The Chinese, fighting desperately to check the Japanese offensive along the south Shantung border,

AWAIT ELECTION

By JOE ALEX MORRIS
United Press Staff Correspondent

The Nazi fight for power in Czechoslovakia today threatened a new central European crisis.

Adolf Hitler, determined to dominate middle Europe economically and politically, generally was credited with inspiring a speech by Konrad Henlein, Nazi leader in Czechoslovakia, demanding minority privileges and close co-operation with greater Germany, speaking darkly of danger of international or foreign war.

Henlein's virtual ultimatum was bold and blunt. Premier Milan Hodza called the Czech cabinet to an emergency meeting scheduled to reject the Nazi demands.

Carefully planned The Czech crisis was a carefully-planned move on the European chess board and, in the Hitler manner, it was quicker and more drastic than expected. Czechoslovakia and Roumania are the two vital points in the Nazi campaign for economical expansion eastward.

The presence of a large German minority in Czechoslovakia has been made the basis for a Nazi attempt to shift the country from its alignment with France and Russia to the position of a satellite of greater Germany.

The attempt is given greatest strength by the fact that Germany is in a position to choke Czechoslovakia either economically or militarily and by the comparative impotency at present of the Czech ties with France.

The technique has been to threaten international troubles through the newly-strengthened Nazi party in Czechoslovakia with the implied backing of Germany if necessary. Furthermore, Hungary and Poland have joined in the Nazi in the post-war state, thus virtually surrounding the Czechs.

Rome-Berlin Partnership?

The new crisis was of significance in the general European picture. Great Britain's campaign to ease tension by making treaties of friendship with Fascist Italy and

Dispute Over Corn Leads to Arrests

A dispute over the ownership of \$15 worth of corn husked and sold last week from the farm of Rogers near Chenebise led to the arrest of William Benjamin of Kankakee and Tom Hayes of Chenebise.

Hayes, former tenant on the Rogers farm, claimed that the corn he husked and sold was his share of the crop but Rogers denied this and had Hayes and Benjamin, who was hired by Hayes, arrested on a charge of larceny.

This morning before Justice Fred R. Smith was decided to continue the case for 30 days to give the parties opportunity to determine just how much the crop was and the share of each.

The parties were released until then on their own recognizance.

The arrests were by Deputy Sheriff Gene LaFontaine. The state was represented by Assistant Prosecutor Victor Lauridsen.

The Cardinals, one of Chicago's big league professional football teams, will condition their skill for the campaign on St. Victor field, it was learned definitely today.

The entire squad and many of the best players will be in the city, starting in mid-August and remaining until shortly before the opening of school.

Nard "Doc" Ellis, former St. Victor student and now connected with an advertising organization in Chicago, has taken a heavy interest in the team.

Ellis reports that his boss, when he is pleased to call "Nard," can do more than lick his lips, too.

Sleepy Sam Chapman, who also performs in the Golden Bear's, broke an Edwards Field record in the 100-yard dash, finally caught up with the ball, which was a little ahead of him.

Conflicting reports were given on the Kankakee-Urbana-Danville high school football game, which was played last Friday night. A score compiled by a representative of the local press, however, was 14-0 in favor of Kankakee.

Chicago, April 25.—(UP)—Dizzy Dean stood out there and flogged on through the old Bob Grove dose now—with his head, not his arm.

Only a half dozen times in the whole ball game, Ole Diz reared back and let fly one of the famous fireballs that made him the greatest right-handed pitcher in baseball, but those few meant the Chicago Cubs made a sound investment when they traded three players and \$185,000 in cash for his services.

He whipped his old mates, the St. Louis Cardinals, in his second start of the year for the Cubs yesterday, 5 to 0. His curve and baffling change of pace cut off the roughhouse Cards with four hits.

Only 25 more wins to go. Jim Tobin kept the undefeated prattles tearing along to the head of the parade as he bested Peacocks of Cincinnati, 2 to 1, in a brilliant duel.

Even with Joe DiMaggio, who means another feather for his old-time spunk in beating Washington, the Indians, when he can behave himself, Manager Oscar Valt said after the game.

KANSAS MARKS FALL TO TEXAS ACES SATURDAY

Lawrence, Kan., April 25.—(UP)—Run-natured sons of the west and southwest are eyeing the Drake and Penn relays this week-end as opportunities for more amazing track triumphs.

Texas claimed four of the eight new meet records established in the Kansas relays here last Saturday; two more went to Oklahomaans, and California and Colorado set up one each.

All of the Texans will compete in a quadrangle meet at Bloomington, will hold the spotlight—At Penn, The Hoosier quartet tore 13 seconds off the 10-year-old world record by speeding the double mile in 7:38.1.

Wickett, Rees, and others, hopes there won't be any wind at Drake. He wants a chance to hang up an unquestioned record in the 120-yard high hurdles. He set a new Kansas record of 142 and a Texas relay mark of 1:19.4 at the Drake meet.

Other new records were established in the team mile by Blaine Riddick of North Texas Teachers; sprint medley race by Rice; high jump by Colorado's Negro ace, Gilbert Crutcher; half mile college relay by Riverside College; 400-yard shuttle hurdle relay by Oklahoma A. and M. and 800-yard relay by Oklahoma A. and M.

PLANS TO END INTEMPERANCE NOT APPROVED

Town Votes Against
Carting "Drunks"
About in Cage

A "PLEBISCITE"

Woburn, Mass., April 25.—(P)—Mayor William E. Klane today abandoned a plan to "cage drunks" after "America's first plebiscite" in which the city electorate voted against it but overwhelmingly expressed confidence in his administration by approving other proposals.

The vote on the proposal to cart drunks about the city in a lion's cage—already purchased and ready for action—was: Yes, 1,896; No, 2,456. "It is clear," the lawyer-mayor said after receiving returns, "that the voters do not approve the cage. I am naturally disappointed that the merits of the cage did not impress them. Nevertheless, I humbly submit to the will of the people."

Sought Cooperation
Expressing pleasure that a majority of the 4,792 voters who participated in yesterday's "plebiscite" had favored 12 other proposals, the mayor called upon the city council and school committee to cooperate with him. Several of his proposals had been rejected by both bodies in recent spirited sessions.

The number voting yesterday was 55 per cent of those who cast ballots in the last city elections.

When the mayor first announced his plan to end intemperance with the lion's cage it brought a storm of protest from several sources, but encouragement from others induced him to put the question to the voters.

The first question on the ballot, asking voters if they approved the mayor's policies, received 3,982 affirmative votes and 669 negative.

British Protest Arrests of Their Subjects By Soviets

By NORMAN B. DEUEL

Moscow, April 25.—(UP)—Viscount Chilton, British ambassador, protested to Foreign Commissar Maxim Litvinov today against the alleged failure of the government to notify Great Britain of arrests of British subjects in Russia.

Viscount Chilton said that the British government took a grave view of the arrest of Rose Cohen, a former British Communist, and others without the notification which Russia had promised to give under an agreement concluded in 1937.

A repetition of the incidents complained of, he said, would be detrimental to British-Russian relations.

Chilton said specifically that the 1937 agreement was violated when the British-born Miss Cohen was arrested last August. The embassy was informed only a few days ago, he said, that Miss Cohen was held on an espionage charge. He asked that she be tried as soon as possible, that details of the charges against her be given the British government and that members of the embassy staff be permitted to visit her.

The British protest coincided with an intensification of the merciless purge of "enemies of the state," quiescent since the recent trial of 21 Bolshevik leaders.

It had been reported before the protest that Miss Cohen, a former British Communist who came here eight years ago, had been arrested, and that she would be tried soon on espionage charges, entailing a possible death sentence.

Britain based its protest on her case even though, it is recorded, she acquired Russian citizenship by marrying a Russian here.

She was but one enmeshed in the new set up of pace in the purge.

It was announced that nearly 25 priests, monks and nuns of the Greek Orthodox church in the Moscow area, some of them of high status, had been arrested on charges of treason and that "dissolution" of the church had been decreed.

One of those arrested was an archbishop, it was announced. However, the title does not coincide with that in Roman Catholic countries, as there are hundreds of archbishops in Russia.

Nikolai I. Yezhov, head of the secret police, began a purge of the commissariat of water transport of which he recently took charge. His first order was for the arrest and trial of one Lapskov, chief of the concession department, on a charge of wrecking.

The arrest of Greek Orthodox church adherents was ordered, it was said, in order to liquidate a counter-revolutionary organization which operated in churches and monasteries in the Moscow district. Those arrested were charged both with plotting to overthrow the regime and with advocating espionage and wrecking activities in behalf of Germany and Japan.
